Case # 14-16166

On 10-23-14 - Thursday around 11:30 am - Kevin picked maddy up at my house for his court appointed visitation. I live at 2830 4th St. TRL#13 Peru IL 61354 I usually want to supervise his visitation + he has agreed sometimes to allow that. I do that to know + protect Maddy + make sure she is safe + being taken care of well. Today, I did not supervise though. But almost every time I try to trust him to take her alone, she comes back w/ some kind of redness traumatization or rash. I have tried to communicate + constructive problem solving + agreements w/ him written + signed by him on paper to ensure Madelines safety. Again today, severely concerning + disturbing redness + swelling of Madeline vagina was present after her visitation alone w/ her dad. Not sure if he took her anywhere else. Like sometimes he will lie + take her to his mom's - who is technically abusive to Madeline + has caused her harm many times in past. I picked up Maddy at 5:30pm at Sunset Park from Kevin. She didnt have an overful diaper at the time, But I changed her diaper right after I left the park + went straight to my house. I noticed her vaginal opening was larger + opened more than ever. also swelling + redness of entire inside + outside genital area - which was visible. I was immediately concerned + took her to the Doctors (ER - IVCH) for a doctor opinion - (The only way I can get help for Maddy). I wont ignore this

I have read the above statement consisting of ________ pages and attest that it is a true and accurate account of the events which took place on or about 10-23-14. It was given to me voluntarily, without any fear of threat of promise of reward.

Case # 14-16166

My friend Adrian Perez ~~was~~ met me at my house after I got Maddy from Kevin-
– right when I got home he witnessed me change her +
me become concerned w/ Madelines privat part appearence, I expressa
him – I quickly went to hospital + Adrian followed me there + he
also talked to Police w/ me + He has witnessed Madeline many
new being traumatized + showing concerning behavior
indicative of possible abuse after being w/ Kevin Cramer +
his parents. Madeline never shows any signs of
concern or redness directly on vaginal area
any time she is w/ me or after been babysat by
anyone I've had watch her. The only time
is when she's been alone w/ her dad,
unsupervised that she shows redness, unlike a
usual diaper rash - she, after being alone
w/ her dad had what looks like opened hole +
redness directly on the sking immediately outside
vagina, all the way around at multiple different
occasions, also visible insides + redness + swelling
of insides + on one occassion reddened +
swollen clitoris as well after being alone w/
her dad, which also I took her to the hospital
after that occassion (There have been many)
but that report was at Perry Memorial Hospital.
This has been an ongoing concern. ~~[illegible]~~

DCFS doesnt do anything to solve.
They basically dont seem to care or act adequately . . .

Case # 14-16166

But when I supervise his visitation, She never has these signs, But I have also witnessed concerning + endangering behavior of Kevin + his mom on his visitations. Which is also a concern of what I see when I supervise a visit, especially I cant Imagine whats going on behind closed doors when Im not supervising. Madeline is left alone in Kevins care one time she fell down a window well outside of Kevins moms house. They were not watching her - Kevin was supposed to. (Alot of times I see him check out + ignore Maddy when he's should be watching her.) Also there is a very dangerous hill Madeline could fall down + die outside at Kevins Moms. I've witnessed Kevin let Maddy go toward that hill + him not pay attention - also since she fell down the window well, it could have been that hill when I was not there + they were not watching her like they should have. They also dont block basement stairs with a gate - all these dangers they dont (Kevin + his mom) dont take precaution to protect Maddy. Kevin likes to push his duty as a dad off on his mom alot - even tho she is abusive in my eyes to Maddy. dispite dangers + his moms aggressiveness to Maddy

I have read the above statement consisting of ______ pages and attest that it is a true and accurate account of the events which took place on or about 10/23/14. It was given to me voluntarily without any fear of threat of promise of reward.
